

# Flux Architecture

# React Data Flow

---

# React Data Flow Limits

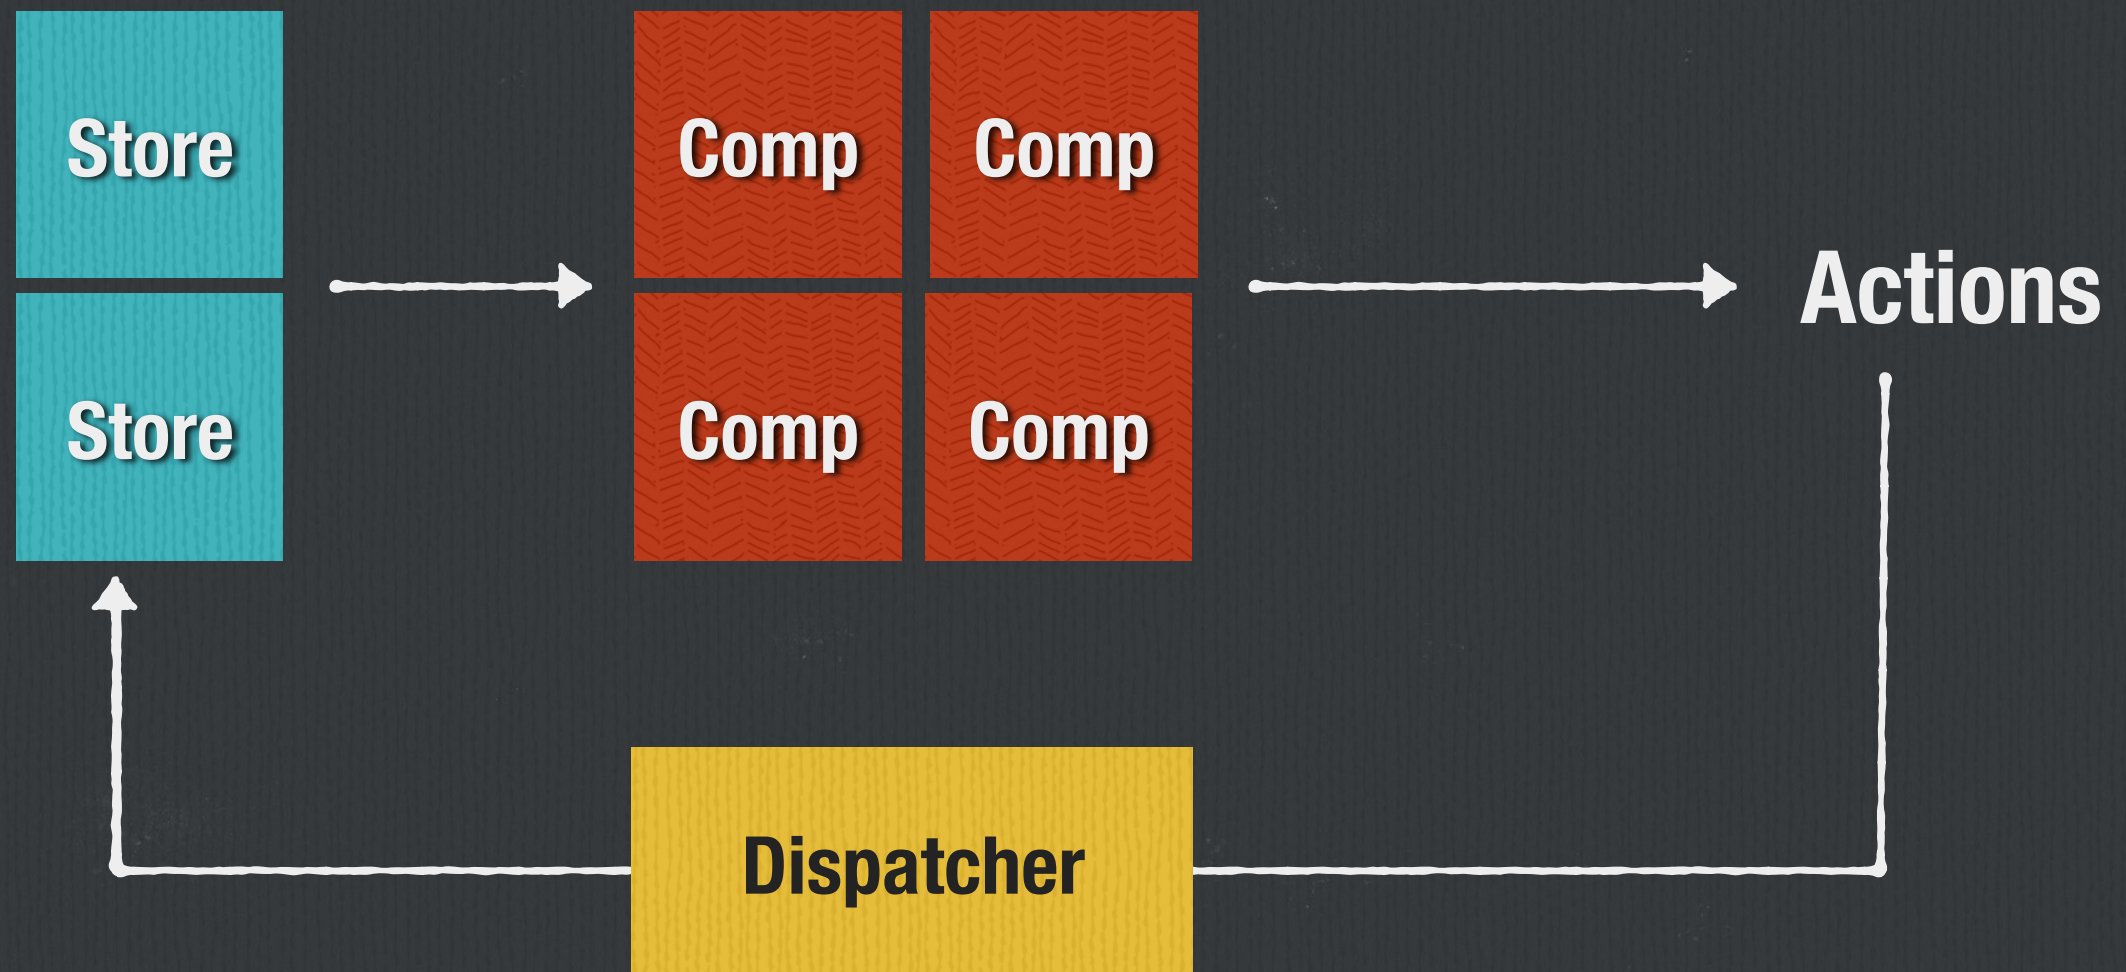

---

- Longer the distance -> Harder to maintain

# Solution: Flux Architecture

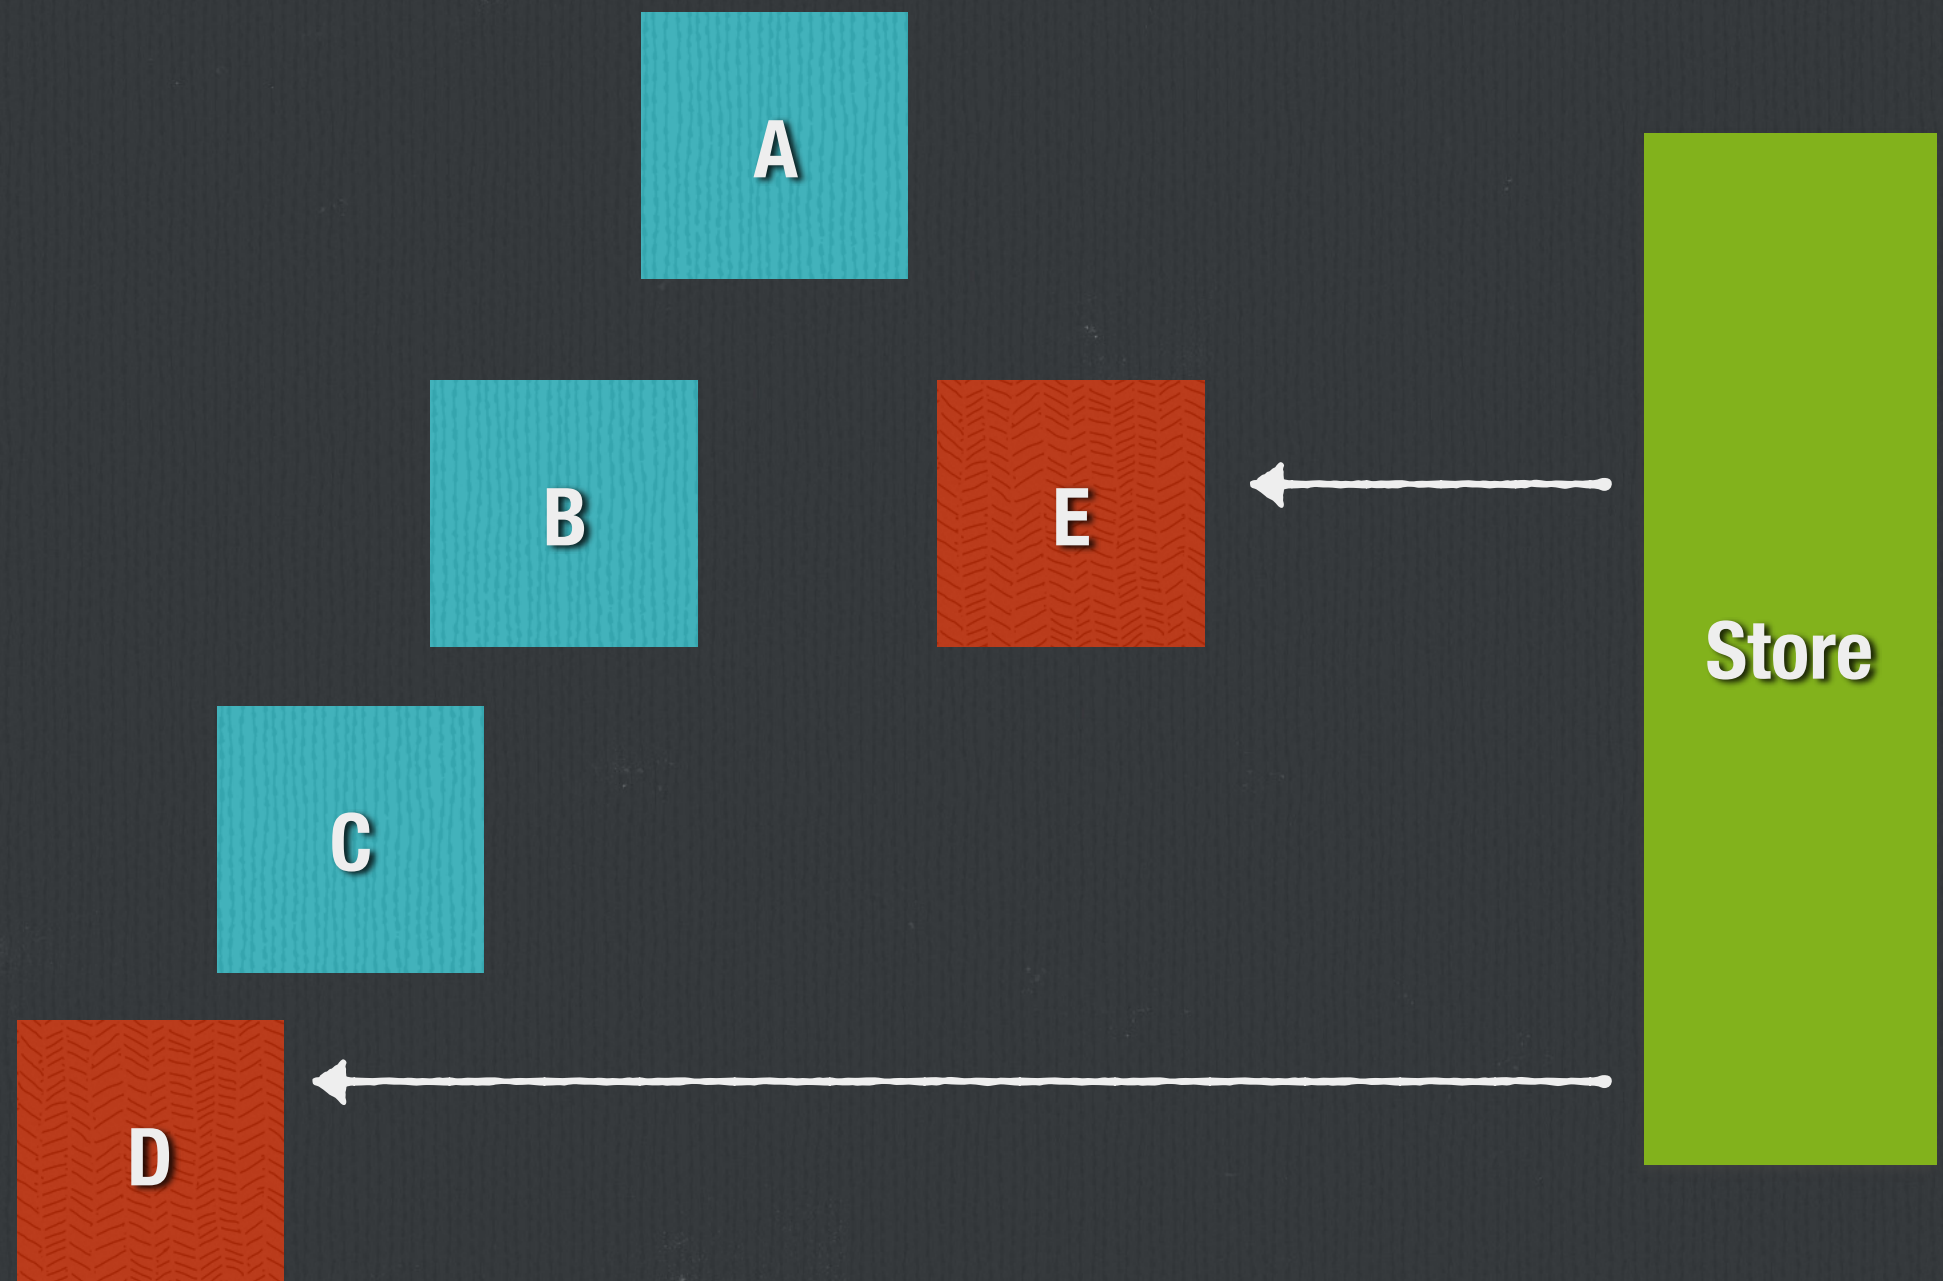

---

# Flux Data Flow

---

# Flux

---

- ☐ **Unidirectional application architecture**
- ☐ **Has many implementations: Flux, Reflux, Lux, fluxthis and more**
- ☐ **<https://github.com/voronianski/flux-comparison>**
- ☐ **We'll use Redux**
